Program Contact: Kimberly.Caulfield@wwu.edu / 360-650-3708

The mission of Western Washington University’s Educational Administration Program is to prepare exemplary leaders to meet the demands of school and district leadership focused on optimal achievement for all students.

“This program has been an authentic combination of theory, practice, and reflection. How often as teachers or administrators do we have the opportunity to read perspectives contrary to mainstream thought, interview real practitioners on the front lines of learning with these filters, and then have time to assimilate our learning? It has been a real privilege to have this opportunity.” -Amy Reisner
Burlington Edison School District
2013 EDAD Program Graduate

Content

(Required)
EDAD 541: Theory of Leadership
EDAD 543: Supervision
EDAD 552 Curriculum

This field-based program brings training to your districts and helps prepare teachers who aspire to be leaders by focusing on:

- Effective leadership skills and strategies
- Working with adult learners
- Collaboration skills
- Systems perspectives
- Team building
- Influencing others
- Developing & managing work groups
- Connecting data to outcomes
