Secondary Education’s Waitlist Policy:
The Department of Secondary Education reserves the right to manage any class waitlist to give priority to students admitted to Secondary Education based on their program completion date. As well, waitlist management is for students in Woodring FIG/Future Woodring Scholars and introductory teacher education courses EDUC 109/110/115, and for students declared in the Education and Social Justice minor for their core courses.

Instructor Approval does not override the waitlist. If a student obtains Instructor Approval, they may be allowed to be on the waitlist then enroll in the course if space is available nearing Phase III Registration.
